TIS SMART HOTEL LOCK

Data Sheet Rev 3.2

Model: TIS-E200

OVERVIEW

The TIS E200 Hotel Smart Lock is designed specifically for the hospitality industry, combining elegant aesthetics with reliable IC card access control. Built with high-quality aluminum alloy and tempered glass accents, the E200 offers both durability and a premium look. With a focus on guest convenience and hotel efficiency, it supports quick card entry, backup mechanical access, and seamless integration with hotel management systems.

KEY BENEFITS

- Contactless IC cards speed up check-in
- Staff issue, reprogram, or deactivate cards instantly
- Mechanical key and external port prevent lockout
- Durable materials withstand daily hotel use
- Sleek design enhances room aesthetics
- Simplifies operations and enhances the guest journey

KEY FEATURES

- IC card unlock for fast, contactless entry
- Backup mechanical key and external power port for emergencies
- Auto-locking function for improved security
- Long-lasting battery life (7000 unlocks, ~10–12 months)
- Premium build: aluminum alloy, tempered glass, ABS
- Compatible with hotel management software

RoHS COMPLIANT
