TIS TITAN/TITANIA SERIES

**TIS**  
CONTROL EVERYTHING

 **TITAN**  
**TITANIA**

No matter how professionally you pursue smart technology trends, some solutions are just the right choice. TIS's Titan & Titania panel series are examples of those intelligent products that offer both beauty in design and quality in performance.

 **TITAN**  
UK Standard

 **TITANIA**  
US Standard

These switches, featuring touch interfaces with temperature, weather, and energy consumption indexes for the ultimate lights, climate, shades, moods, security, and music control, are now available in the market. This smart series comes in two standard junction box sizes: the Titania panels for the US and the Titan panels for the UK.

The TIS TITAN & TITANIA series includes the following switches:

**TITAN & TITANIA 4G** is a 4-gang touch panel with control capabilities for lights, moods, curtains, and more. You can also add a personal touch to the interface's texts and icons. Remember, you can enjoy this new line of wall panels if you are a resident of Italy as well. If mounted horizontally, the Titania 4G switch fits the Italian standard electrical box.

**TITAN & TITANIA 3G** features a 3-gang touch panel to control lights, moods, curtains, and more.

**TITAN & TITANIA TFT** is a 3" touch panel with customizable LED icons designed for limitless control over lights, climate, moods, scenarios, curtains, and more.

Specially designed for monitored care, our **NURSE CALL PANEL** makes the patient-nurse interaction more convenient at any care accommodations and medical centers. Patients can use this solution to call the respective nurses in case they need help.

**MUR/DND-EQUIPPED PANEL** helps levelling up the éclat of hotels. Mount it horizontally on the wall and provide guests with a chic piece of technology that functions as a shortcut to the reception desk.

These flush-mounted panels come in various color and finish materials to suit your home's style. We care about your taste and offer you plastic, metal, glass, and an array of other personalized finishes with slim curves and graphics.

The Titan & Titania series knows no limits because we want you to experience the smart modern life with no limitations. To see how it feels like to live in an alive and automated building, you just have to install Titan or Titania.
