The TIS 6.5" Frameless Ceiling Speaker is a ceiling-mounted sensor with a nice finish, available in round and square grills. Enjoy the features of our frameless speaker in your café during a live match between Real Madrid and Barcelona. This product is also an awesome choice for your **gym, seminar room, restaurant**, etc.

The TIS Outdoor Wall Mount Speaker is a **weatherproof** solution available in black and white colors that is designed to be mounted in an outdoor wall. Do you need some fresh air to wipe away your weariness? Drown in the flow of time while relaxing with your favorite rhythm on the balcony.

The TIS Rock Speaker is perfect for open spaces such as **patios, pools, porches, decks,** and **backyards**. This one is a portable solution with bold bass and wide soundstages suitable for any spot you choose. Here's an idea: If your children are bored and you have no clue how to entertain them, just find your kid's play tent, take it to the yard, ready the pool, and then play a track and set the mode. If you want, you can take the speaker inside the pool, too. TIS speakers are **water and dustproof**.

We care about your needs. Let us make a difference with **our audio products**.
